

SAFE consortium was present at the WG 2 and 3 Meeting of the COST Action ActinPak, Active and Intelligent Fibre-Based Packaging.

Here, the focus was on Active and Intelligent Packaging in the markets and considering sustainability issues.

The meeting took place at [ITENE](#) in Valencia ES. The first day consisted of expert lectures, included a presentation on SAFE consortium (download the presentation [here](#)

). Lectures were followed by breakout groups focussed on Legislation, Consumer Expectations, Market Analysis and Value Chain.
