

Managing a safe and secure global food supply chain from farm to fork!

As in previous years, this event brought together key stakeholders from all along several food chains including manufacturers, suppliers, regulators and the experts that support them. Highlights of the event included case study experiences. Networking opportunities were plentiful as representatives from major food and beverage producers, suppliers and retailers participated.

Read about the Global Food Safety Summits of previous years, including a link to the SAFE consortium presentation given in 2017 by SAFE Executive Board member [Oddur Gunnarsson from Matis Ltd., Iceland](#) [here](#)

SAFE members enjoyed a special reduced registration.
